

June 16 Shooting Event (HANDGUNS ONLY)

- We will be shooting in my lower pasture. This is about 150 yards from the house. The house is the nearest bathroom facility.
- You can walk or drive to the shooting site. The walk is only about 75 yards through the woods. **Driving there requires a four wheel drive vehicle.** To minimize the number of vehicles driving through my fields, please car share with someone with a four wheel drive vehicle. (See attached map directions). **It would be most convenient if those sharing a four wheel vehicle drove to the property in the same vehicle.**
- We will be shooting in a field. There are chiggers and other bugs. Wear long pants or use plenty of bug spray or both. If it's hot or sunny, you may want to wear a hat.
- Bring a folding chair.
- Bring hearing protection.
- Bring targets.
- In the event of rain we will have to cancel the event.

Directions to Property

Address: 234 Sassafras Drive, Mineral Bluff, GA. (On most GPS receivers this address will not get you all the way there. Google maps accurately displays the roads but shows the wrong location for the house address.)

- From Blue Ridge: Go toward Blairsville on SR 515. Take SR 60 to McCaysville and continue through Mineral Bluff (Do not take Spur 60) until you reach Salem Road (near Union Baptist Church). Turn right onto Salem Road.
 - From McCaysville: Take SR 60 toward Mineral Bluff/SR 515 until you reach Salem Road (near Union Baptist Church). Turn left onto Salem Road.
1. Go approx. 100 feet and take first left onto Dockery Lane.
 2. Continue on Dockery Lane until it turns into Mull Drive at the fork in the road. Dockery Lane is the right hand fork and Mull Drive is the left hand fork. Take the left hand fork (Mull Drive).
 3. Continue on Mull Drive about a mile until you come to a fork in the road. There is a house located in the fork, and there will be a row of mailboxes to your right. Take the right hand paved fork.
 4. Almost immediately (30 feet) you will see a gravel road to the right. Take the gravel road to the right. This is Sassafras Drive. Do not continue on the paved road.
 5. Continue on Sassafras Road past Alpine Way (about 100 yards) until you come to another gravel road to your right. There will be a small blue marker arrow at the corner that says "234." Turn right on the gravel road.
 6. Continue on the gravel road (unnamed) until you see a sign that says "Sassafras Farm."
 7. If you continue past the sign you will come to my house. There is limited parking there. Please park on the gravel road by the Sassafras Farm sign. There should be enough room on the left side of the road.

Map and Directions

#1 is the shooting site. #2 is where the Sassafras Farm sign is. #3 is the utility easement down which you must drive to get to the shooting site.

- If you want to walk to the shooting site, park on the left side of the road at #2 and walk downhill to #1. It's only about 75 yards.
- If you have a four wheel drive vehicle, drive down the utility easement and follow the tractor road/mowed path through the grass. On the attached map the first part of the tractor road is marked with a dashed line. At the bottom of the tractor road you will come to a sunken road. Go to the left. At the end of the sunken road is my lower field, Turn left and follow the mowed path. **Please stay on the mowed grass.** I am having someone hay my fields and want to preserve as much tall grass as possible. Park at the upper end of the lower pasture.
