

The *How Firm a Foundation* course

This course includes five PowerPoint* style presentations (with printable documents) that explore how God and Christianity influenced our Founding Fathers, and the documents that laid a firm foundation for the greatest form of government the world had ever known.

The series includes a separate file folder for each course:

Course One: *God, Christianity and the Declaration of Independence.*

Course Two: *God, Christianity and the Constitution of the United States.*

Course Three: *God, Christianity and the Bill of Rights.*

Course Four: *God, Christianity and the Twenty-Eight Principles of Liberty.*

Course Five: *The Confederation of States In Perpetual Union: America's first, and mostly forgotten Constitution.*

*If you do not have Microsoft PowerPoint, a PDF version of each presentation is also included. Most recent operating systems include a PDF document reader.

The supporting printable documents for each course are also in PDF format.

"American government rests on the consent of the people; and, according to natural right, the consent must be given formally [to change it]. In fact, it must be given in a written compact entered into by the people." - Alexander Hamilton
